Well, you were hoping for warmer weather and surprise, surprise. It's warm even here in Michigan! We just came home from the Indiana Rally and when we left; it was warming up nice here so I figured it would be 80 or 85 down yonder. Well, those dirty rascals let it rain and cool down to the low sixties. Being Kim and I aren't much smarter than a pair of rocks; we didn't have any warm clothes with us! If we haven't learned yet, there isn't much hope for us! But we still had a great time and enjoyed their great hospitality. In case you have never been there, Indiana is just a little south of Coldwater, Michigan where we will be able to attend the Region D Rally this July 28^{th} to 31^{st} . The theme is "USA Proud" so bring your flag, decorate your camp site, string some lights and let's show them they are in Michigan.

Osceola County Fair Grounds. You could come right up from Region D and stay at the fair grounds for only \$17.00 per night with the nicest restrooms I've seen and water and electric at each of 280 sights. One event we had hoped for is not going to happen. We wanted to provide an opportunity to go to a local gun range for a chance to shoot a real gun at a target. We cannot solve insurance issues at a cost that would make it possible and it isn't necessary for us to have a great Rally. You probably know by now, Gun Smoke is the theme, so Wild West is the game. We are planning on judging for campsites, day and night, best dressed in theme, chapters can set up a game, we will have a time for chapter skits, and a ton of things this old man can't recall just now. (My memory is ok, but my recall is shaky).

continued...

This paragraph is harder to write. I would say we have possibly 2,000 GWRRA members in Michigan. There is one person who about once a year writes a letter generally along the same lines. They won't sign the letter, no return address, no way to know who they are. If anyone or that person has an issue they think I should address, I will do my best to do what is right for our District. But if you won't sign it or give me a chance to look at an issue fairly, you might as well save your stamp. I can keep issues confidential, but I don't listen to unfounded accusations from an anonymous source. Enough said.

I know it's time for riding, but it's also raffle ticket time. I see a lot of chapters selling raffle tickets and I thank you for your efforts. You know, if we sell enough tickets, I'll call our District Treasurer and say "Ben, you didn't order enough tickets"! I'd sure like to make that call!

ATTENTION: GLORIA LONG, Membership # 131724-01 of Chapter N This isn't Publishers Clearing House, but you could be \$25.00 richer if you had called me to say your # was in last month's news letter! Keep looking, when it's there, you don't want to miss it.

If you see your number, call or email Bob Scott, District Director by the 15^{th} of the current month and you win!

This year we decided to do something a little different in our chapter to help encourage members to get out and ride. We have our normal scheduled group rides, but not everyone can participate in them due to family or work schedules as many people don't work the normal Monday – Friday. We have a mileage game going on like many other chapters, but this year we introduced a Scavenger Hunt.

We came up with a list of 50 different places/things to visit through out Michigan and put it into a small book format. The member has to locate where these places are, list where it is and provide proof that they visited it such as a photo of them or their bike, admission ticket or even a gas receipt from the local area.

This type of Scavenger Hunt could be themed based, such as weird, spooky, comical, etc., or just eclectic as the one we did. There are many things in Michigan that the average person really doesn't know about. One of the items on our scavenger hunt is "The Bottle House"; it is a house that is made out of glass bottles. For more ideas for places to visit just run a search online for "Places to visit in Michigan" and see what you come up with.

For other ideas for places and events to go to one only needs to look at the events page on the Michigan website. There are many things to go to including Chapter E's Fun Run, L's Picnic in the Park, the Ohio Buckeye Rally and J2's Campout and that is just in June with much more to come through out the summer.

Don't forget to encourage your chapter's Couple of the Year to attend the Couple of the Year Day Camp June 25 at the Jay County Fairgrounds in Portland, Indiana. Lunch will be provided at noon, please bring a dish to pass. Camping is available for \$20 a night and there are a couple of hotels in the area for those who prefer that style of camping. Please RSVP to Carol and Gary Meyerholtz at 812-639- 7776 or regiondmec@gmail.com

Who doesn't like a chance for a good ride? Especially when you reach your destination you'll have a great time with friends, fun, food, and knowledge?!?!

I'm very excited to announce our Region D Couple of the Year Camp on Saturday, June 25, 2016 in Portland, Indiana. This would be for District and All Chapter Couples. It is a fun and informative time where you learn more of the Selection process. Even if you are not sure if you want to go on through the process, please plan on attending. It is so much fun and you'll make so many new friends.

Some will drive in for the day, many will be camping, and some will be sleeping at a hotel (like me!).

Check out the flyer, mark your calendar, and feel free to ask questions of me. You are also encouraged to ask your Chapter Director to attend the Camp with you. I'm sure they would enjoy the time and appreciate the knowledge they will gain, too. I'm here to help, and I love making contact with you.

Chapters: please RSVP with a probable head count by <u>June 8th</u>, so we have enough hot dogs

From the stoplight at M-21 & old 27 in St. Johns, go 1.6 miles West to DeWitt Road, then North 3 ½ miles to Motz Park.

If coming from the North on US 127, turn right (west) on French Road, go 1 mile to DeWitt Road, then South ½ mile to Motz Park on the left side of the road (use 2nd entrance)

Motz Park opened in 2010. Concrete pedestrian pathways connect to all recreational facility components within the park. The beach house offers seven, super clean, unisex restrooms and two additional rooms specifically provided and equipped to serve the developmentally challenged. There are several advantages to the design of the beach house, all of which meet or exceed ADA accessible floor area and design standards.

PETS, except trained and working service dogs, are not allowed in or around buildings, picnic grounds and swimming beach. THIS IS STRICTLY ENFORCED! Pets taken elsewhere in the park must be on a 6' long leash at all times and under the immediate control of its handler.

Good fishing is available in the lake ("catch & release"); however, a fishing license is required. So, if interested, bring your gear.

Brent & Sandy Blackburn

Brent and I have just returned from the Spring Wing Warm-up, in Rockville, Indiana. It took us 7 1/2 hours (398 miles) to get there, but the rally was great. We had such a great time. We enjoyed watching and participating in the events and training modules. I even had my picture taken with a cow. Turns out he and his wife became utterly famous as they won the award for best dressed couple.

Brent completed the Rider Course Instructor Certification Program in Columbus, IN. We visited Chapter L in Lansing and went to Chapter C's Anniversary Party having great fun with our extended family. Look for me at the ARC classes.

We especially enjoyed the Covered Bridge Ride, 5 hours including lunch, with all the history we learned about Parke County. We took a trip to the locations were they hold an annual Cover Bridge Festival in the fall. We were able to visit 13 bridges and saw a few in the distance because they were on graveled roads.

We would like to thank Ray & Melinda Faber, and their staff for a great weekend.

I am very glad that the Active Shooter Training Module was presented. If you have not seen this information, it is well worth your time.

John Lee's ride with lunch and one of the stops was Clinton Falls. We all know Brent had to check out the bridge. He did say it swings a lot while you walk on it. We took a lot of cool pictures.

Distracted Driving

Distracted driving is any activity that could divert a person's attention away from the primary task of driving. All distractions seriously endanger the driver, passengers, and others' safety, especially those of us who operate motorcycles.

The types of distractions include but are not limited to:

Testing
Using a cell phone or smartphone
Eating and drinking
Talking to passengers
Grooming
Reading, including maps
Using a navigation system
Watching a video
Adjusting a radio, cd player, or MP3 player

The Center for Disease Control stated in a survey that:

69% of drivers in the United States ages 18-64 reported that they had talked on their cell phone while driving within the 30 days prior to the survey 31% of U.S. drivers ages 18-64 reported that they had read or sent text messages or email messages while driving at least once within the 30 days prior to the survey.

In 2009, the Virginia Tech Transportation Institute found that five seconds is the average times your eyes are off the road while texting. When traveling at 55 mph, that is enough time to cover the length of a football field-----blindfolded.

David Strayer, a professor of cognition and neural science at the University of Utah, has written several studies on distracted driving. "You can't be looking at a screen and be looking at the road at the same time." The screens "are enabling activities that take your eyes off the road for longer than most safety advocates would say is safe".

CBS News has reported that the AAA Foundation for Traffic Safety found that using the voice-controlled systems commonly found in today's cars to sync smartphones, can distract drivers long enough to go as far as three football fields once they've finished using it.

Have you ever attempted to operate the various systems on your bike while riding?

Hands free devices are legal in most states, but tinkering with them while riding reduces your focus on the road. The safest action is to pull over if you need to make a call. Just like cell phone use in a car, occupying your hands and attention with anything other controlling your bike increases the chance of you getting into an accident. If you have a GPS unit that requires some adjustment directly on the unit, the only safe way to do that is to pull over at a safe spot, stop your bike, and concentrate only on that task.

It is the mission of GWRRA and that of your Chapter Educator to share with you information that makes you think, ask yourself questions to share with your Chapter, and then have the courage to act on this information by being a safe rider on the roads even while others take the hazards of operating vehicles and motorcycles too lightly.

Well it looks like the last week of May the weather finally getting warm. Two weeks ago on Sunday I was mowing the lawn and it snowed on me. I guess that's Michigan weather.

We went to Chapter C Anniversary party. We had a lot of fun. The food was good. They had a lot of games to play. You win money (play money) then buy prizes with the money. They had a lot of people show up. If you didn't go you missed a good time.

We also went to Chapter J Mall Show. They have the bikes set up to look nice. We all need to go to this chapter events to help them make money to run there chapter. Also when you sell tickets it help the District (MI) to make money to run and the more tickets you sell the more money we can give to Rainbow Connection. Also the more tickets you sell it will help your chapter make money.

Just a reminder Region D early registration you could win 2 tires for your bike or if you have a trike you could win a front tire.

Michigan early registration you have a chance to win \$100.00.

All of us have to start going to more Chapter events. If we want

more participation at our events we have to attend there events.

Thank You, Bob & Marcia Kinsey, ADD

A new chapter in GWRRA training for Me!

This time in the area of rider education. I attended the instructor training class for GWRRA's ARC (Advanced Rider Course) along with 5 others. We spent 4 days at the Columbus, IN Airport. On Thursday we painted the course and learned some presentation skills then got to practice a few of the exercises. On Friday and Saturday we each took part in presenting some of the classroom material and learned to instruct, and demo each exercise. When we were not teaching or doing demos we

acted as students and hopefully improved our own riding skills. It is great to improve your existing skills as well as learning some new skills and maybe breaking a bad habit. We had a beautiful day on Sunday as we (6 instructor candidates) conducted a real class of GWRRA members in the classroom and on the rider course. We had 10 bikes and 4 of them had co riders, so there were 14 members in the class. We also gained some new GW friends. The list of instructor candidates included Ron Marcinko from Ohio, Rick Warmels and Chuck Jacobs from Indiana, and Michigan had 3 instructor candidates attending - Brent Blackburn from Chapter E - Tyrone Scott from Chapter S2 - and myself. The most memorable part was that some of the participants thanked us at the end. There were a couple of people who ended the day with noticeable improved skills. If you have not taken the ARC why not give it a try?

The ride home was a different story when I saw the temp on my bike as low as 37 degrees. Yep, it was that weekend where some of you saw snow flurries. I made it home at 12:40am.

THANK YOU! If you ever made a contribution to Region D's "Send An Instructor To Camp"! That fund took care of

1/2 of our room or if we shared a room it completely covered our lodging for this training! A big thanks to Ron & Jan Smith for making it happen! Don't stop now the funds need to be replenished for the next time instructors are trained.
