Information is listed on the last page

It's Bike time. Yes, May has sprung and now we are looking at every opportunity to get out and do a little wind therapy. Let's also remember that this is also Motorcycle Safety Awareness Month, a time to get out and make sure other drivers are aware we are out there sharing the road with them. So, if you are planning a ticket sale or some other event this month add that Motorist Awareness Event to it or vise a versa as we can never be too safe.

This last weekend we had our spring officers meeting with lots of great information and planning going on, along with some fun and games. Sorry but if you weren't there you really missed out. Carolyn and I would like to thank everyone who attended and helped on this event, with to many to name. To my District staff for help in prepping, teaching, giving out information, selling tickets, and yes tearing down and cleaning up. We could not have done this without all of you and our hats are off to each and everyone. When it came to lunch with all the different type of foods everyone brought in, if you went away hungry you must not have gotten in line. Also to Jan and Ron you bring sunshine wherever you go. We had a great turnout and It's my hope that our Chapter Directors that attended got something out of this meeting, to pass on to the chapter members at their next gathering.

It looks like an exciting summer coming up with many rides and campouts. Gayle and Dennis Jisa who are always into the fun of GWRRA, did a trip to many gatherings and got a lot of chapter mascots. They all had a great Easter together but now they want to go home and all they ask is to come to Chapter E's 40th Anniversary Party on June 18th as they don't want to miss the party either. (See Flyer attached to District Letter for more information). Lets not forget about Chapter Q, they have the traveling plaque and it's going to be at their campout on May 18th. With that in mind the rules for the traveling plaque and mascots were revised to make it easier for them to go to other places. If you're interested, they are now posted on our website. Just click on Programs on top of the page then on Membership Enhancement and under hot links you find them.

Michigan District

"Friends for Fun Safety and Knowledge"

Wing Ding will be in Shreveport Louisiana this year on June 28th -July2nd with the hope of great weather for riding. We are still looking for help as our district has pre-registration on Friday July 1st. Carolyn and I will be there all day, but we need several to help us from 2-5 pm so if you're going and can afford a little of your time on Friday from 2-5 pm please contact us. We would love to have you.

We still have a few Safari books left so if you want one, please contact Carolyn and we will get it out to you. Also please keep Phil Smock in your prayers he is still at U of M Hospital from his Motorcycle accident.

I think we forgot to mention the Great Michigan District Rally our Theme "The Wild West" which will be held on August 18-20th 2022. Thursday night will be a welcoming party with a free meal and great entertainment around the campfire. Stay tuned to next months newsletter for more detailed information of all the exciting events that will be going on this year. So, fill out your reservation which is attached to this newsletter and send it in now to get into the Early bird drawing also if your interested in a Rally shirt we have new lower prices, and they look good too but because of supply chain demands they must be post-marked by date on the registration form. So, Bye Bye for Now from your GWRRA Family.

Ride Safe and Keep it Between the Lines,
Dave & Carolyn Frazer

Rider Courses Straight Ahead!

If you haven't seen the Rider Course Registration on the GWRRA MI website or in the GWRRA monthly newsletter, there is also information in GroupWorks under the GWRRA MI District group. We also have a Road Captain Course scheduled on May 22 in Auburn Hills.

May is Motorcycle Safety Awareness Month and we're proud to be able to teach the first Rider Courses of 2022 in Ionia. The second Saturday in May is always Motorcycle Awareness Day and I know we will be attending Indiana's Spring Warmup and hope to see some motorcycle awareness activities while we are travelling.

I subscribe to the Snell Foundation newsletter and there was information on helmets in it. I went to the Snell website and found lots of information that you all can view and read, but chose to focus on helmets. It brought to the front of my mind the importance of not just wearing a full helmet but being sure it is less than five years from manufacture.

["How do helmets work? How do they protect against head injury?"](#)

This question requires some background. The first thing to know is that, in most cases, head injury is caused by a sudden stop. The head is sailing along briskly but, in an instant, the head slams to a complete stop against something hard and unyielding. Unless that head is secured inside a good helmet, that sudden stop will send a shock wave through the scalp, skull and brain tissue. There's almost sure to be a painful bump and swelling, there may be skull fractures, and that shock wave may even propagate through the brain tissue causing bleeds and disruptions and the kinds of permanent injury that are beyond the most modern medical capabilities to repair.

It's not the fall, it's the sudden stop that does the damage. Helmets work by making that stop less sudden.

When the helmet shell slams into something hard and unyielding, it stops almost instantly. But the head inside remains in motion a bit longer by crushing the yielding impact liner that lies between the wearer's head and the helmet's outer shell. This impact liner is usually made of EPS - expanded polystyrene- the same material often used in disposable packaging material for delicate furnishings and electronics. As the still moving head crushes the EPS impact liner against the inside of the helmet shell, the liner exerts a controlled braking force that slows the head much more gently than if the helmet not been there.

Two questions remain: is the stop still too sudden? That is: is the impact liner's gentle braking force still too high to prevent injury? And, is the liner thick enough not to run out of crush before the head inside the helmet slows to a stop? There's only so much room for crush. If the liner runs out of crush room before the head slows to a stop, the still moving head must then stop abruptly. It may not be as severe an impact as if the helmet had not been there, but there still may be injury and, perhaps, severe injury as a result.

Senior District Educators

Dennis & Felicia Schulte

Real world crash impacts can be significantly more severe than those in DOT or ECE testing. If a rider is going to bother wearing a helmet, the best choice is one that will perform at the greatest velocity current helmet technology can reasonably manage. Those are the helmets we look for here at Snell.

What are the main difference between Snell, DOT, and ECE helmets?

Snell is an independent, third-party, non-profit helmet standard and testing organization serving public safety interest for over 60 years. Both DOT and ECE are government minimal standards that rely mostly on helmet manufacturers to police themselves. Voluntary Snell Standards are the most stringent for impact protection. After passing certification testing, every Snell helmet model in the retail market is randomly purchased and tested continuously at Snell lab to ensure premium protection. Riders can verify each Snell certified helmet by model and size on the Snell website.”

Being able to verify Snell certified helmets was something I had looked for fifteen years ago and could not find anywhere. But after attending a Snell seminar at Wing Ding five years ago, I learned many more elements of helmet testing that Snell does and that the website contains some great videos.

Be safe,
Dennis and Felicia Schulte

District University Coordinators & TEAM GWRRA as University Assistants

Rick & Joy Hebner

DUC Corner (District University Coordinator)

Wow, April is gone—can you believe it?

April 23rd, Chapter J2 hosted a great training day. We had 18 attend the four classes that were presented. The participation was great by all that attended. Thank you to all the attendees, and a special thanks to instructors Dave Frazer, Joy Hebner and Carol Williams— they did a great job. It was a fun day, with FUN being the theme.

April 30th was the Spring Officers Meeting. One of the items we talked about was if your Chapter would be interested in hosting a training day, please reach out. Not only do you walk away with some new or refreshed knowledge, but they are a great time.

With riding season upon us, it's a good time to take a range class (please check the MI District website for the registration form. For questions on range courses, please contact Dennis Schulte). There also are some fantastic seminars that pertain to riding.

We are in the planning stages for the Rally in August. If there is a class that you would like to have presented, please contact me.

If your chapter would like a training class presented, or have questions, please contact us.

Until next time, remember training is FUN (as well as educational).

COUPLE OF THE YEAR / INDIVIDUAL OF THE YEAR

I'm so excited and proud to share that your very own 2021 Chapter J2 Couple of the Year, your very own 2021 Michigan District Couple of the Year, is now your very own, drum roll please, Northeast Territory International Couple of the Year for 2022-2023!!!!

Yes, Bobbi and Earl Gerard were announced as the selected Couple on April 20th during a zoom meeting designed for that purpose. All of their interviews were also held on zoom meetings. (Gotta love zoom, right??) Dave and Carolyn, Dennis and Gayle, Phil and Char, and myself, were privileged to be a (silent) part of the interviews. We did get to congratulate them after the announcement was made on the 20th before the zoom ended.

So if you haven't seen them at some event yet, make sure and offer your heartfelt congratulations to them when you do see them!

Making Michigan Proud!

I've still been trying to make my voice heard concerning having an International Individual of the Year. My voice has not been ignored, but the answers I've been given are still not favorable in it happening anytime soon. What a shame. We have, and have had, and I'm sure in the future will have, amazing Individuals here in Michigan.

I'll keep putting in my two cents worth. Maybe someday...

For all of you who are our current Chapter Couples, I hope you are excited for and encouraged by Earl and Bobbi's achievement. If you are also saying, oh, that's not for me. No worries! You should still enjoy your year as the Chapter Couple. You can still, and I sincerely hope you will, decide to participate in the District Selection at Wingless in 2023. The Couple selected at Wingless has a choice as to whether to continue on or not! You may say that you've enjoyed your time as the District Couple, and you'd like to continue on and try for International, or you can say I've had a good time, but it ends here. No reason to feel guilty if that's your choice to not continue on.

But all that begins with making a decision to have some fun by going through that Selection Process at Wingless. I don't think there's a Couple that won't tell you

that yes, it made them nervous, but it was way more fun and much easier than anticipated when they did go through the process at Wingless.

I know Wingless is months away, but even if you haven't made your mind up yet, it's a good idea to keep track of places you visit, how you participated wherever you went, and any classes you take or taught. Even now, you could take a look at the resume and see what it looks like and what will be needed. You can always talk to me and ask questions, too! No commitment required just to talk! I'm available by phone call, text or email.

I trust all of our current Chapter Couples and Individuals, and our current District Couple, Tim and Pam, and our current District Individual, Edmund, will have much fun and great experiences as you go through your year of honor!

Blessings,

Carol Williams

MEDIC FIRST AID / CPR / AED

I'm glad to let you know that we are able to return to our previous class sizes. That means you need a minimum of 6 to hold a class. A class size is from 6 - 12 people. If you have 13 - 24 sign up, that requires two instructors and I need to know as soon as possible to be able to have both of them in attendance. No class over 24 is allowed. This is also why we ask that you choose three dates, so that we can coordinate the instructors. Should it not be possible for that to happen, we would need to split the class up. This is doable, as we want everyone to have the opportunity to take a class.

If you are reading this and would like to take a class, speak with your Chapter Director about scheduling one. Or if the Chapter as a whole does not yet need a class, you could get with me to see if another Chapter may be having a class that you could get in to.

Chapter Directors, please send in your request form listing three dates for a class, to Dennis Schulte. He will then send it to me and we can get the date and Instructor(s) for you. Classes are still only \$25 per person at this time. Payment is requested 2 weeks prior to the class being held.

Looking forward to seeing you all in a class!

Thanks,

Gary Williams

MOTORIST AWARENESS

I would like to remind you that you can contact me or Earl Gerard anytime about presenting a Motorist Awareness program to your Chapter or other group you may be involved with or know of. It could be at a school, VFW, American Legion, church, or any other group of people who would like to become more aware motorist. Also, there are normally short video

clips that you can present yourselves at a Gathering. As of this writing, however, they are still not available. I will let you know as soon as they come back online. Currently we can present one of two different tailgating programs. We can also present one on Distracted Driving. Just let me know if you would like to have them presented.

Chapters that have a Motorist Awareness person, I would love it if you would contact me with what you have going on in your Chapter, or with ideas for future events. Chapters that do not have a Motorist Awareness person, you may want to consider having someone volunteer for this. It's not an Officer position, but they would be a part of the Chapter Team. At this time there are no monthly reports to do. I do like to hear from you, but it's not required.

It's all about helping ALL drivers be more aware of their surroundings, which helps them watch out for US! It's not really about Rider Education, it's about Driver Education, and that includes all of us.

The entire month of May is known as Motorcycle Awareness Month across the nation. GWRRA also considers it Motorist Awareness Month.

This is a time that we really try to get the word out even more to the general population about Looking Twice and Saving a Life--or two. Of being aware that we're out there! We're on traditional 2 wheels, trikes and can-ams. We want and NEED to be seen!

Saturday, May 14th is known as Motorcycle/Motorist Awareness Day.

This touches on the same safety, yet expands it some to encourage motorist to be completely aware of their surroundings while driving, even more so since we'll be out on the roads. To help teach the children riding in the vehicle to watch out for motorcycles.

I hope you've planned an event in your area to help educate the general public. Hopefully you took advantage of the free brochures from GWRRA National to share with everyone. You still have time to download and make copies of the special coloring 'book' from the GWRRA National site found under the Motorist Awareness Program, and get some crayons to give to

the kids. Again, getting them to start watching out for us while they're young is a great way to start them off to be a safe driver.

Another plus to having this event is that copying the coloring page and getting some crayons and putting 3 or 4 in a baggie, is your only real expense. If you want to hand out small candies, (such as rolls of Smarties with an attached tag that reads something like "Be a Smartie--watch out for Motorcycles!"), that wouldn't add much to the budget.

You can even expand on this and use it as a membership drive.

Again, I hope you took advantage of the free new member brochures from GWRRA National.

If you didn't get something planned for the 14th, don't give up on educating the public! Simply plan an event for a different day in May! Getting the word out is more important than the day you get the word out.

We'd like to thank all of the Chapter Motorist Awareness persons who help educate those around them. Those who write articles for their newsletters. Those who help hand out tri-folds, magnets or yard signs to adults and coloring pages to kids. You do make a difference and we appreciate you.

Lead by example and be an Aware Motorist in 2022!

Thanks,

Gary and Carol Williams

District Member Enhancement

Dennis & Gayle Jisa

Did you make the Officer Meeting on Saturday the 30th of April? No? Okay, then here is a little FUN game to play at one of your Chapter Gatherings. You do know that the MEC is the FUN person in your Chapter, right? Well, you do now! The chapter depends on you to help

Keep things FUN and not get bored at your Gatherings!!

Playing Card BINGO

You will need at least two decks of playing cards....

One deck you use to pass out 3 cards to each member at your gathering. (You keep the other deck for yourself.) Have your members stand and turn their cards face up in front of them. You use your deck to call out a card and if they have the card you called, they turn the card over. Once all 3 of their cards are turned over they say...BINGO. You can give a small prize....candy bar, raffle or 50/50 ticket etc. You determine if you want to keep going for others to try to get BINGO, depending on how many prizes you want to give out. If you have a lot of people you may have to use two decks to give each participant 3 cards.

Wing Ding is coming up next month so if you haven't registered, now is the time. We have our own Bobbi & Earl Gerard going as International Couple for the Northeast Territory, which is most of the eastern section of the USA, so this a huge honor for Bobbi & Earl AND for MICHIGAN!! If you go be sure to plan to attend on Tuesday June 28th at 1 p.m. to show your support for the couples when they do their on stage presentation!!

Has your chapter chosen their 2022 Couple of the year and Individual of the Year yet?? Be sure to acknowledge them at your Gatherings, and other events. Let them go first whenever there is a line!

Its finally getting a bit warmer so get out and visit other chapters where you can!! Check the District Web Site for the EVENTS page and support the other chapters. You can also get ideas of things to do in your chapter. It's perfectly okay to "borrow" ideas to add to your FUN!!

Till next time....

Gayle & Dennis Jisa

GWRRR Michigan MEC's

April 30 2022 Spring Officers Meeting

2022-2023 North East Territory International Couple of the Year

I'm proud to announce our very own 2021 Michigan Couple of the Year Bobbie and Earl Gerard as the North-East Territory International Couple of the Year. Bobbie and Earl come from Chapter J-2 and we know they are, and will be great Ambassadors of this territory. We will be there at Wing Ding in Louisiana watching them accept their new Position. Congratulations.

RIDER EDUCATION COURSES

The number and availability of courses is dependent upon the number of participants. You will be notified of your class time and location as soon as possible. **Note: Certification cost is per bike!***

ARC: Experience advanced techniques in turning, maximum braking, and swerving plus mental and situational strategies in GWRRA's own Advanced Rider Course. Co-Riders welcome. 8 hours (class and range)

ARC (Recertification): The GWRRA ARC for those who have PREVIOUSLY COMPLETED the ARC. Includes discussions at the beginning of the course and between exercises. 5 hours (range only)

SIDECAR: Experience advanced techniques of riding with a sidecar as well as situation strategies and accident avoidance tactics. 8 hours (3 classroom/5 range).

TRAILERING: Learn advanced trailering techniques and strategies for safe and enjoyable travel. Motorcycles only—no trikes or sidecars please. 8 hours (3 classroom/5 range)

TRIKE: This course teaches advanced riding skills for the trike rider such as maximum braking, swerving and turning. 8 hours (3 class/5 range)

TRIKE/TRAILER: This course combines the Trike Rider Course (TRC) with some guided practice in backing a trailer. 8 hours (3 class/5 range)

TRC-R (Recertification): The GWRRA TRC for those who have PREVIOUSLY COMPLETED the TRC. Includes discussions at the beginning of the course and between exercises. 5 1/2 hours (range only)

Vanguard Rider Course: A performance based course to be used in conjunction with a 2 1/2 hour seminar to be taken separately.

AORC (Add-On Kit Rider Course): A Rider Course designed for the motorcycle with a 2-Wheel Add-on Kit installed.
